ALL'S SWEETNESS AND LIGHT

Traffic is thick. Discourteous too. But I turn the other cheek. I will not get into a stew. For this is Brotherhood week.

Quoting the words of one of my favorite songs, "I'll keep a smile on my face and my big mouth shut." . . . No matter what happens. . . . LaRue C. Watson writes: "I used to think you were one smart hombre but I've changed my mind since you made such a difficult and complex problem out of finding the date when Mrs. G. could write your column for you. . . . It's so simple. . . . Just let her write it any week in which there is a Friday, the 13th. That will solve it and give us all a respite once or twice a year."

BERN PRICE, of The Desert Sun Advertising department has bought himself a horse. . . . He calls it El Ray. . . . That's because, he says, the horse goes like El and there's always a ray of light between him, Price, and the saddle. . . . Price's first name is Bernard but since he made his purchase they call him Barnyard. . . . When he first told me, I got all excited. . . . Too late to enter him in the Santa Anita handicap this year but there is still the Hollywood Gold Cup, I told him. . . . Bern dashed all hopes. . . . He isn't that kind of a horse, he said, and besides you'd have trouble making the weight.

WE TAKE a lot of things for granted. . . . For instance, how did we get along before we had Scotch tape? . . . We used to drive 20-foot strips of concrete and now we complain bitterly if there is no white stripe down the middle of at least a 40-foot road. . . . The majority of autoists nowadays can't remember that, whenever it used to start raining cars would stop and the drivers dive under the seat for the rubber sidewall with mica openings. . . . And get out every few miles and wipe off the windshield.

ANOTHER SUNSET HOUSE PROPOSAL GIVEN CITY

Appearing before city council Wednesday night was Robert Ransom real estate broker with a proposal that the city trade the 100 acres out at the Airport where present administration buildings are located for Sunset House at Palm Canyon drive and Via Lola.

Sunset House, half finished apartment house project which has been a source of grievance to the city for some years, is owned by George Kapron who has agreed to the swap, according to Ransom.

Sunset House has been under consideration as a city hall before but the cost was considered prohibitive. According to plans drawn by Architects Williams, Williams & Williams, it would make adequate city administration quarters at an estimated cost of around \$75,000. This estimate was made several years ago, and probably would not apply on today's building market.

Holiday

Banks, Schools, Offices, to Close

Palm Springs' banks, city offices, state offices and schools will be closed tomorrow in honor of Washington's Birthday. Most business houses, however will remain open.

Chief of Police A. G. Kettmann was planning to cope with a great influx of visitors starting tomorrow. With the holiday falling on Friday and many places of business closed Saturdays, the three-day weekend is expected to jam the city.

Palm Springs Motorists Now Safety Conscious

Palm Springs motorists want to be good drivers—and they want to find out how to improve their driving.

That was shown Tuesday night when scores attended the demonstration of motorist reaction tests by George Watts of the Automobile Club of Southern California safety division, assisted by George Bond and Ray Beezley of Palm Springs high school driver education classes.

All of the psycho-physical test-

Strong Men

They Steal Safe from Local Cafe

Thieves broke into the Golden Stallion cafe on Indian avenue at Andreas Tuesday night and carried off the safe, Henry Chu owner of the Chinese restaurant, reported. The safe contained \$200 in cash and valuable papers. It weighed about 400 pounds.

Investigating the robbery is Capt. Orest Johnson who said the robbers evidently entered through the bathroom window; rolled the safe out the front door and loaded it into a vehicle.

THE HOLLYWOOD GROUP

will be Hopps' guests at Rogers Ranch Club this weekend to confer with local organizations sponsoring the Circus. Among the visiting contingent are Bill Morrow, producer of the Bing Crosby show Harry Joe Brown, Bob Welsh, Paramount producer, Lester Lynch, top flight agent.

Hopps said yesterday that it is too early to say just what's on the agenda, but "it looks like we're going to have a Circus and one that I think is going to be a lot of fun. I see it not only as a good time for our Villagers and visitors, but as a source of first rate national publicity for Palm Springs. I think if Hollywood is represented it will mean a very valuable source of publicity for us. I hate to be practical about this thing—BUT—every merchant and hotel man in this town benefits from getting Palm Springs in the national spotlight."

HOPPS PLANS, in addition to the Jaycees animal circus, to have a high class carnival with various attractions at the Polo Grounds throughout the Circus grounds, for the entertainment of visitors. Kangaroo courts, barbecues and of course, the Big Parade are part of a full program.

In selecting Stewart Hopps to serve as chairman, the Desert Circus Association directors chose a man nationally known for his enthusiasm and dynamic leadership. He has side tracked his large business interests to put on Palm Springs Desert Circus with flourish and style, and his reputation as a large scale party giver well qualifies him to know what makes people have a good time.

Compromise to Speed Work on Indian Ave.

Clark's Suit in Federal Court Again Halted

A compromise was offered by Attorney Oliver O. Clark with a temporary settlement made out of court in the suit on the widening of Indian avenue. Oliver, representing a minority of Indians on the Agua Caliente reservation, was prosecuting the city for widening Indian Avenue in front of the Indian baths instead of dividing the street and circling the bathhouse.

The injunction put on the city's paving operations by Attorney Clark has been suspended for two months on the agreement to persuade his clients to accept the city's plan for widening Indian avenue on a straight through street.

The suit was to have come before Federal Judge James Carter in Los Angeles Federal Court Tuesday morning. Prior to the opening of the trial, Clark and Colegate formed their compromise.

Basis of Clark's suit is an act passed by Congress Oct. 5, 1949, which provided rights of way to widening Indian avenue with the clause that at Arenas road, the pavement shall divide and swing in an arc having a radius of 1,270 feet, which would form an island of the baths and the old palms in that area. Traffic would separate at Arenas and rejoin at Andreas road.

According to the city, a majority of the Indians and the tribal council approved the plan of widening the street in a straight line moving the palms and bathhouse slightly back from the right of way.

Representing the city in the litigation has been City Attorney Roy Colegate. The pending suit has considerably delayed the paving process and widening. However, City Manager Russell Rink said yesterday that curbs are now in and grading should start early next week.

Hopalong Provides That Extra Thrill

An unexpected thrill for Gregory Mace Gazda and guests at his seventh birthday party was seeing Hopalong Cassidy in real life, when Gregory's mother, Mrs. Mace Gazda gave a party for him Sunday at the Tennis Club. The comic page hero, who also is known to his contemporaries as William Boyd went to the club for dinner with Mrs. Boyd and the George Browns of LaSerna, where he is vacationing, and made the natal day party an event to remember for Gregory and his guests.

Cancer Crusade to Begin in Village Next Monday

Palm Springs goal in the 1952 Cancer Crusade has been set at \$3000 said Mrs. Elizabeth Hoff, chairman who added that the American Cancer Society campaign for funds will begin here February 25.

She disclosed that the national goal will be \$16,000,000. The funds will be used to support broad programs of research, services to cancer patients and professional education.

Mrs. Hoff said that the educational messages distributed by Crusade solicitors will carry important, lifesaving information.

REPUBLICAN POLITICS—Senator Joe McCarthy, Republican, Wisconsin (left) and Villager James Kemper, are shown above talking about—you guessed it, the great American party called the Democrats. And both of them were sincere in making that statement. Kemper honored the senator at a banquet he hosted at the Committee of 25 Club House Tuesday evening. (Terry Photo).

McCarthy Says Democrats Now Unrepresented

"Democrats in this country have no representation in Washington and if they want such representation they will have to vote for a Republican Congress."

Senator Joe McCarthy, Republican, Wisconsin made that statement yesterday during a banquet in his honor at the Committee of 25 Club House.

The senator seeking reelection clarified his declaration with the statement:

"THE DEMOCRATS in this country have no control over their party in Washington. The present administration has seized that control."

"The picture as we have it under the present administration finds Acheson acting as secretary of state, secretary of war and even as 'president' of the United States. There are others in the same category too numerous to mention."

"IF THE DEMOCRATS want good government they must vote the Republican ticket. And the Republicans must have their vote in order to win" Senator McCarthy pointed out.

The Senator who has been on a 14-day Lincoln Day tour said that he was "very reluctant" to leave Palm Springs. He has been a guest at Howard Manor.

"And while we are on the subject of California I want to remind the people of this state that they have one of the best senators in the country representing them in Washington. I mean William Knowland. He is numbered among the ten most popular senators in the capital. If a vote were taken today both Democrats and Republican senators would place Knowland at the top of the list as one of the most sincere, hard-working and clear thinking senators in Washington today. I hope fervently that he is re-elected by California."

The banquet tendered the senator at the Committee of 25 club house was hosted by James Kemper former treasurer of the Republican national party.

Two in Race, Both in First Zone, to Date

Two Incumbents Say They'll Run, Two Non-Committal

Palm Springs political soup pot is on the stove but judging from a roundup check of possible candidates for councilmanic seats in districts 1, 3, 5 and 7 season-long will have to be added in order to make the election April 8 an interesting and peppery one.

As the picture stands today two candidates have filed in district 1 presently represented by Bill Veith. And he reiterates "I have until February 28 to file and I haven't made up my mind as yet. You can quote me as saying," added Veith, "that I am carrying in my pocket blank nominating papers and making my mind up one way or another will not take long."

INCUMBENT Florian Boyd representing district 5, announced officially yesterday that he will be in the race to retain his seat on the city council.

He added that a small group of his constituents met early last week headed by John Wood and urged him to run again. He accepted their invitation because, three or four days earlier he had not as yet "made up my mind," he informed The Desert Sun.

"I plan to drop out of other Village activities and devote my time to council work and my own private business," Boyd said in announcing his candidacy. He expects to see his nominating papers filed within the next two or three days.

COUNCILMAN Earle Strebe the first incumbent to announce that he would run for office again, has as yet not filed his nominating papers.

Mrs. Ruth Hardy representing district 3 repeated again as she did last week.

"I haven't made up my mind yet."

Rumors are numerous that

Favor Napa Man as Administrator at Desert Hospital

Kenneth Kirk, president of the Desert Hospital District, announced today that the new administrator of Desert Hospital will probably be Norman Thompson, administrator of the Napa County General Hospital.

Negotiations to secure Thompson for Palm Springs are due to be completed this week with the new administrator taking over Desert Hospital March 15.

Thompson has established a wide reputation for successful hospital administration and his service here should prove a valuable asset to the Desert Hospital District.

Thompson fills the post left vacant by the resignation of Genevieve Valencia.

SOCIALISM vs. FREE ENTERPRISE—That is the issue in America today according to D. A. Huley, president of the United States Chamber of Commerce. The rapid growth of instruments of control within the Federal government and the power they generate should serve as a grim warning of the socialized state. So thinks Mr. Huley; and his reasoning is simple and logical. He points out that the danger in setting up these controls is that they pass into other hands—that the controls set up during President Franklin Roosevelt's administration have already passed to other hands and will be in still other hands in another ten years.

Mr. Huley spoke at the annual meeting of the Los Angeles chamber of commerce this week at which Ferrill Drinkwater, Western Air Lines president was installed president of the chamber to succeed Oscar Trippett.

"Those who exercise these controls on our lives from Washington today may be the most dedicated and selfless men in all the world," said Huley. "That is not the point at all. The point is that once you turn over power—the power to control or the power to adventure with tax money you have generated two dangerous waves for the future:

"1. You are gambling with fate that the lives of the men in power today will be equally well intended and equally benign."

"2. You have begun to educate and condition the mass of people to existence under centralized power."

Mark these words. As Huley points out, the first wave is bad enough but it can be shaken off, the second is deadly and may well defy resistance. It is a tidal wave of destruction for free enterprise and individual liberty.

More people should also heed Huley's description of Federal aid as "one of the great misnomers of our time, because it is our own money returned to us, less the cost of collecting it and less the cost of distributing it. It is easy to say let's take it while we can get it, because somebody else will if we don't—and it is easy to say that it isn't our money. But if that is all the thought we give it, then we care very little about the future of our country or the future of our children and their children."

This line of reasoning should make sense to anyone who is interested enough to sit down and figure out what is happening in America today—and why.

J. W. DANT
Hard Money
and Fine Bourbon

THE EARLY FARMERS of Kentucky's beautiful Blue Grass region had bountiful crops and little cash, but when the tax-collector came 'round he wanted hard cash—not crops. A farmer-distiller in those days had to be mighty sure of his whiskey—or he just went back to farming, and forgot whiskey and taxes.

One distiller who didn't quit was J. W. Dant of Dant, Kentucky. His neighbors wouldn't let him. They hailed his whiskey as the finest bourbon they had ever tasted. His grain "formula" and his yeast strain were carefully guarded secrets. He had cold, clear, limestone spring water of distinctive quality. He used open tubs—not "pressure cookers"—to ferment his mash. A small quantity of the previous batch went to start each new batch, thus maintaining a consistently outstanding taste and pleasurable aroma. J. W. Dant called it his "Genuine Sour Mash method."

One taste of this fine, old-fashioned Bourbon and you will recognize an aroma and bouquet that is as distinctive as it is distinguished. You'll see why practically all the largest distilling companies have bought up J. W. Dant to add to their own stocks—and that's expert opinion! Yet despite the fact that it has no equal among bourbons—you'll find it one of the most modestly priced Kentucky Bourbons you've had the pleasure of meeting. Its 100 Proof, Kentucky Straight Bourbon Whiskey, Bottled-in-Bond under U. S. Government Supervision.

State to Take Part in Study of Gambling

County Probe Halted to Wait Brown's Action

John Talley, foreman of the county grand jury, said Monday that the jury's probe into gambling pay-offs in the county area was now marking time to await the appointment of a special counsel from the office of state Attorney General Pat Brown.

Indicating the possibility of further indictments in the current quiz, Talley added that the special counsel would be used to prosecute cases "in the event of further indictments."

He also said that the investigation was, by no means, ended.

ONE INDICTMENT has already been returned and a conviction obtained. That was the case of Willard Parma, former deputy sheriff indicted, arrested and convicted for taking bribes from a Corona gambler.

Parma who was scheduled to be sentenced Monday, won a continuance until April 4 when County Probation Officer Harold Butterfield asked more time to prepare a report on an application for probation.

IN THE MEANTIME, the present grand jury, appointed in 1951, will continue its activities until the gambling investigation is concluded.

Talley said that the probe would be expedited with all possible speed. He said he had no idea who would be named by Brown to aid in the county quiz.

HERB ROGERS came in with another one yesterday . . . Maybe he's being subtle and trying to get me to plug the Playhouse . . . Anyway, he said that the David Bruce of Burbank were at his Playhouse (that's twice, Herb) and were discussing their vacation with him . . . Little Mandy Bruce piped up and asked: "When are we going back to California?" . . . Reminds me of once, long ago when this nation was in the throes of the Noble Experiment . . . Agua Caliente, that then lush club below the border, invited a group of newsmen from the southwest for a weekend party . . . On the way back at San Ysidro, one of the boys from Los Angeles sighed: "Ah, back in the United States!" . . . "Not so," said an editor from Phoenix. "We've got to cross California first."

GLAD TO READ that a compromise has been reached which will allow all of Indian avenue to be paved at once except for about 160 feet before the Indian mineral baths . . . Then maybe they'll re-fix that crossing at Baristo and Indian . . . It's that way again with three postcards coming in this week complaining and threatening suit for broken springs, axles, tires and so on . . . Each week they block a different street leading into Indian . . . Now it's Andreas . . . I hate to think of it when they get to the Plaza.

THE WAY this Desert Circus is booming I had a great temptation the other day . . . I wanted to write the big banner line that goes across the top of Page One thus: "Stewart Hopps Up Circus" . . . As noted above, at the start of this piece, this is Brotherhood Week . . . But it ends Sunday . . . Then all this sweetness and light about auto drivers is off . . . Then I shall write: Oh, one turns east and one turns west, Both belong in the Cuckoo's nest . . .

The shrimp boats are GOING . . . there'll be beefsteak tonight.

Dope Peddler Admits Guilt, Tells Story

Cathedral City Man Says Habit Too Much for Him

Dean Harold Musselman, 30, Cathedral City contractor, will face sentence March 7 in superior court at Riverside after pleading guilty to possession and sale of narcotics last week.

Following his plea before Judge John C. Gabbert, he asked permission to tell his story and Judge Gabbert allowed him to appear in court Tuesday.

Musselman said that he had been talked into trying a marijuana cigarette in Los Angeles about a year and one half ago and had been unable to quit the habit since.

"THROUGH divorce and different things," he said, "I somehow lost out along the line somewhere."

Musselman said he came to the desert area because it was nearer Mexico, the source of supplies.

He was arrested by local police, deputy sheriffs and State Agent Matthew O'Connor at his home near Cathedral City. He kept his drug cache on the roof, officers said.

HIS ARREST followed long investigation by Sgt. Jim Maynard and Officer Dale Thompson of the local police force.

While the officers watched, O'Connor made the purchase.

Musselman's arrest followed.

Promotion for Desert Areas Gains Ground

Earl Coffman and
L. C. Lewis Return
from Conference

Reports from various sub-committees on promotional work for the desert areas of southern California were heard and plans discussed at a meeting of the Southern California Desert Committee of the state chamber of commerce at Apple Valley Inn, near Victorville last week.

Earl Coffman, chairman of the committee and L. C. Lewis of Cathedral City, attended from the Palm Springs area.

REPORT OF THE booklet committee was made and a dummy submitted for inspection. It will be a 32-page book, well illustrated with maps and photographs to give complete information to prospective tourists and travelers in the desert areas.

The area covered comprises the southland deserts from Lancaster to Calexico and from Death Valley to Borrego. The state chamber is paying for the project and 2,500 copies will be distributed to travel agencies, railroads, steamship companies, automobile companies and others to stimulate travel to the desert.

IT WAS ANNOUNCED that if chambers of commerce, members of the state chamber, contribute to the project, 25,000 copies will be distributed. About half of the required amount was subscribed at the Apple Valley meeting.

The meeting was attended by Clark Galloway, southern California manager for the state chamber, J. E. Carpenter, San Francisco, editor of the California Magazine of the Pacific and other chamber officials.

LOS ANGELES members of the state chamber reported that promotion work done by the state chamber has been instrumental in developing a winter recreation business of between \$35,000,000 and \$40,000,000 annually and they were confident that their present efforts would greatly stimulate tourist travel to desert areas.

There will be a contest for a slogan descriptive of the desert area and a number of valuable prizes will be given. Details of this contest are now being worked out by the slogan section of the committee.

More than 50 committee members from the desert areas were present for the meeting.

Wanna Dog?

Mrs. O'Day Finds
2 Who Need Homes

Jeanette O'Day, who teaches school in Mecca, is in a canine quandry due to two female dogs which she picked up because they were "homeless strays" and needed a master. Mrs. O'Day asserts they are attractive young dogs with charm, and they badly need homes. One, a German Shepherd type has a fawn face and is most endearing. The other is more in a Collie groove and is black and white. Anyone interested in a pet can get in touch with one or both dogs through Dr. O. B. McKory or Mrs. O'Day.

Parts of County Jolted by Sharp Temblor Sunday

Some say it did, a few say it didn't. They were talking about a sharp earthquake which apparently centered in Riverside and whether it was felt here.

Officially, the jolt was registered at around 4:20 a.m. Sunday but the news will be a surprise to several.

Riverside felt the shake sharply, especially in the western portions of the city and county. It was also felt at San Bernardino and less violently in the San Geronimo Pass area. Disasters to the east of the Village did not feel the quake.

Technicians at Caltech said the temblor was a "localized adjustment" of which there had been several recently in various southland areas but that none of them were of a damaging nature.

228,000 Eastern Tourists in Southland During January

January, the month of the heavy rain and the snowbound Sierra passes brought Southern California 228,000 Eastern tourists who spent \$47,760,000 here, the All-Year Club reported today.

With the Central California passes snowbound, more out-of-

state pleasure visitors turned to the sunny southern routes, whose traffic increased considerably, it was explained by Walter Braunschweiger, president of the community travel advertising organization.

What effect the nation-wide reports on the January storms had upon the tourist business cannot be determined yet, Braunschweiger said, but he commented that the abundant moisture and the pleasant weather enjoyed this month starts the southland off toward a good Spring season.

Spring travel season starts in March with a countryside already lushly green and with luxuriant wildflowers forecast. Many Spring events which will entertain the visitor have been scheduled by southern California

communities. The Spring season lasts through May. The Southlands' four-season, all-year-around tourist business brought in \$473,000,000 of out-of-state money this past year.

BENEFIT PROVES HUGE SUCCESS—The facilities of the Shadow Mountain Club were made available to the Desert Art Center of Coachella Valley for a benefit program and party that successfully raised a goodly sum of money for the organization. Shown here, in the club lounge, are Zaddie Bunker, D.A.C. president, early-day Palm Springs pioneer and leader in community affairs; famed artist O. E. L. Graves, with pipe in hand and thoughts in mind; and John Hilton, outstanding artist, writer, and on this evening a troubadour with guitar, who entertained with authentic early-day ballads. Funds raised are to be used to equip newly acquired art school facilities on the Palm Springs airport.

Coming and Going

By AILEEN HAGERTY

Winter visitors continue to arrive from all parts of the country and hospitality for them adds to the party program.

Entertainment for the Stephen Burke's house guests, Dr. and Mrs. Patrick Lynch, includes a party they gave at their home the past week end . . . Dr. and Mrs. Lynch are from Yakima, Wash., home city of the Burkes.

They will have as guests this week end, Mrs. Marie Mulvey, Long Beach, and Lt. and Mrs. Robert H. Blanford, from Oceanside.

Mrs. Ward Warner is here from New York to visit her sister, Mrs. Vivian Summerfield, at her winter home on Camino Del Centro. The visitor was included in a luncheon group Sunday at the Tennis Club with Mrs. Walter McManus, and was being greeted by many Village friends she met when here on previous visits.

Since coming here on one of their occasional visits from Bel Air, the Eulom Froese attended the Belmont San Chez cocktail party, where they had a reunion with many of their friends. Also they found time for a little golf playing at Thunderbird.

Mrs. Harry Roth, mother of Mrs. San Chez, timed her visit with the party date and came from Long Beach on one of her frequent visits and was exchanging greetings with some of her village friends.

Visitors from Illinois, the Maxwell R. Hotts, Monticello, and the Gordon Bilderbaucks, Champaign, are vacationing at the Tennis Club and the men are catching up on their golf.

The past week end they were joined by former U. of Illinois football coach, Robert Zupke, also of Champaign.

Shortly after the Harold Hamiltons return Friday to their home 556 Vista Oro, they will have, as their house guest Mrs. Marta Brischner of Brentwood and Santa Barbara.

While the junior Charles (Tex) Helsen are here from San Francisco, as house guests of the Irving Florsheims, they have a full program of entertainment. Mrs. Halser is Mrs. Florsheim's sister.

Annual visitors from Salt Lake City, the Marion Nelsons are staying at The Colony and enjoying daily rounds of golf at Thunderbird. Mr. Nelson is president of the Gilman Advertising Agency, one of the largest advertising companies in Utah.

Golf, tennis and bridge are included in the daily program of vacationists from Salt Lake City, who come here annually. In the party are the James Hogies, the Richard Bennetts the Prescott Dunns and Mr. and Mrs. Seaton Prince. They are staying at the Town and Desert.

Sight-seeing and other diversions made up a full program for the Charles Betchers while spending a week with his parents, the Carl Betchers of Red Wing, Minn., who are wintering at 787 Mission Road. The junior Betchers are returning to Red Wing this week.

Annual visitors from Seattle Mr. and Mrs. Eugene Levy and her daughter, Miss Patricia Simmons, are back to spend two months and are living in the Plaza penthouse. Before coming here they spent a month in Las Vegas and plan to remain in the Village for two months.

Occasional visitors from Pacific Palisades, the Gavin Herberts, their daughter, Marilyn, and Gavin, Jr., have been spending a few days with the Keith Herberts. The visitors are planning to return to the desert from time to time during the spring months.

That Suitable Wardrobe for Palm Springs Outlined

Selecting a suitable wardrobe for a visit to Palm Springs is a problem that causes many feminine visitors to seek information but there is one Villager who seems to have all the answers. That is Dorothy Gray, who has been setting a pace in resort fashions here since 1935 and for the past six years she has had her own shop, where she specializes in all-day and evening wear, suitable for this area.

"DURING the winter months it is important to have a warm coat or wrap to wear in the evening," she says. "In all seasons of the year warm sunny days are followed by a chilly atmosphere as soon as the sun drops below the mountain range. Tailored light weight woolen dresses and suits are good for general wear, and knitted garments are suitable for many occasions. Pastels and bright colors in sheer wools, gabardines and linens are very much in evidence at the golf and tennis clubs.

"Hats are just excess baggage in this resort, as they are seldom worn, except to church. But Western riding togs have a place in the sun.

Cover Girls to Give Program at Desert Inn

There's great interest being aroused at the Desert Inn over an exciting program which is scheduled for the first week in March at the famous hostelry. William Adrian the nationally known director of the only teenage model school in America and a collegiate fashion authority, will bring some of his loveliest teen-age models and cover girls to the Inn for this performance.

The girls scheduled to appear are all teen-agers who will be seen in a six-page fashion spread in the June issue of Seventeen magazine. Miss Ann Cottingham, 1952 Pose Princess and an Adrian model, will be guest commentator. She will also tell of her experiences as a Rose Princess this past year. Another charming young miss in this show will be young Cover Girl Suzanne Lloyd, currently appearing on the cover of Pageant magazine for March.

Mr. Adrian, who is from Pasadena, stresses the natural look for fashion models and cover girls and he must be right because since the inception of his "school for teens" in 1946, sixty-two Adrian girls have made national and local magazine covers.

Gold Rush Ball Tonight at Desert Inn

Among those who will entertain are the Roscoe Chamberlains of Kansas City, with their son-in-law and daughter, the Carl Linds of Turlock. The Chamberlains are annual visitors at the Inn.

Other hosts will include Mr. and Mrs. Horace Major, Beverly Hills; the Richard Tracys, Bismark, N. D., with the Laurence V. Britts, Gross Pointe, Mich.; Dr. and Mrs. G. R. Thompson Seattle; the Carl Spitzers, Toledo; Mr. and Mrs. Robert Fitch and daughter, Dorothy, Chicago, and Dr. and Mrs. Austin MacDonald, Berkeley.

Desert Riders. Select Song for Breakfast Jaunts

Honor of having a song that she wrote, selected by the Desert Riders, in a contest among members, goes to Clare (Mrs. Clarence) Woodmansee. The song, usually heard on breakfast ride programs, is sung to the tune of "Bury Me Not on the Lone Prairie." This is it:

"We ride across the shifting sands,
Up to the canyon's spreading fans.
The glory of the world is ours,
Snow capped peaks and desert flowers.

Oh! Here the god of Tahquitz calls
Come ye Desert Riders all
And with these spirits that make us one,
Arise and greet the morning sun."

Names recently added to the Riders' roster include Mr. and Mrs. Abbey Green and Mrs. Tommy Soderberg, Thunderbird Ranch, also Charles Dorley, Cathedral City.

Beautiful colored slides of a 3,500 mile round trip to the tip of Baja California took members of the Palm Springs Woman's Club, their husbands and guests on a vicarious jaunt last Monday evening, Feb. 17 when Mr. and Mrs. "Slim" Chester Moorten were the entertainers at the evening meeting.

The audience felt that it too had been bumping in the dust over the narrow cart track which makes up most of the highway down the southern peninsula, and they sewed the beautiful streets of La Paz with relief when it was finally reached. Black pearls purchased from the oyster fisheries were on display and decorations of unusual wood arrangements combined with colorful rocks added luster to the party.

G. A. Chapmans Host Palo Altoans

Capt. William H. Dowling and his daughter, Sharon, flew here recently from Palo Alto to visit his brother-in-law and sister, the G. A. Chapmans at Hidden Springs Ranch Club. Capt. Dowling, a veteran pilot for TWA with three million flying miles to his credit flies a Constellation between San Francisco and Kansas City, a route that takes him over Coachella Valley, about 7:15 p.m. two or three times a week. Usually when he is over Hidden Springs Ranch he flashes a light signal to the Chapmans. If other residents of that area are curious about those signals, this is the answer.

Claude Yerkes art chairman told some of the interesting history of the artist who had been taken to China as a small boy and learned his first steps in the art from an old Chinese savant.

The club president, Mrs. Charles Glass announced that Mrs. John Lapp had been appointed chairman of the nominating committee by the board of directors. Four members to serve with her were then appointed from the floor, Mrs. Julian Haydon, Mrs. H.M.F. Beneman, Mrs. Bradstreet Miller and Mrs. Frank Ewing.

Serving with Mrs. Helen Emery, chairman of the tea committee were Mrs. Jack Williams, Mrs. Claude Gottbehuert, Mrs. Bradstreet Miller, Mrs. W. A. Lipman, Mrs. John Hormel, and Miss Muriel Fulton.

On the decorating committee were Mrs. Mahlon Manson and Mrs. Stewart Weiss.

Vertchamp Concert for Art Center

Tickets are now on sale at the Desert Art Center, Cathedral City and in the office of Alex Staples, Radio, for the Vertchamp concert to be held Sunday evening March 9, in the American Legion Hall, Palm Springs at 8:30 p.m. It is being given under the auspices of and as a benefit for the Desert Art Center and is the first musical event to be given for the Art Center in response to a demand from the many professional musicians and music lovers in the organization. In order to create a cultural center in this area it is necessary to feature music along with the other arts, they say. They point to the many famous retired or "week end" musicians who live here and say that the dream of a Desert Symphony under the stars may not be too far off.

All three of the musicians appearing in the concert are of national concert repute, each one appearing as soloist.

Albert Vertchamp, violinist, was enthusiastically received by Indian and Palm Springs audiences in the past. He studied in Berlin, toured the United States and Canada and made his formal debut as soloist in Los Angeles with the Philharmonic under the conductor Rozinski.

Edgar Lustgarten, cellist, played under Toscanini for six years and was soloist with the St. Louis Symphony.

Florence Mirkin, pianist, studied at the Juilliard Institute in New York and was soloist with the Worcester Philharmonic. She also has toured with many famous artists.

The Tennis Club Good and Gay

By CHOLLY HICKERBOCKER

P. S. is no way to start a column . . . but P. S. means Palm Springs to us . . . Palm Springs and plenty of sunshine and here this past week, as guests in the club's new bungalows, to enjoy the Edgar Zooks, Jr. from San Francisco . . . Mr. and Mrs. Leo Jiranek of New York . . . Mr. and Mrs. E. W. Andrews from Seattle . . . Mr. and Mrs. F. O. Watson from Minneapolis . . . the Richard Greenwoods . . . the Paul Possers . . . the Henry Perry's from Gardner, Mass. . . George A. Hawley from Seattle . . . Mr. and Mrs. Fred Knight from Los Angeles . . . Mr. and Mrs. B. Vandenberg from Sacramento and Elizabeth Quinn from San Francisco, Mr. and Mrs. George L. Barnes from Waymouth, Mass.

In and around the club were many from near and far . . . dining and dancing to Ray Whittaker's music . . . with gay gatherings galore now that the season is reaching its heights. From afar Lois Moore of Nagapa, Japan, being sponsored by Mrs. Austin McManus. Jacqueline Auriol, famous woman jet pilot, from Paris, France . . . Larry Bell of Bell Aircraft Buffalo, New York . . . Mr. and Mrs. L. E. Liddle of Vancouver British Columbia . . . Mr. and Mrs. Charles Van Nest and Mr. and Mrs. H. H. Reinhard of Minneapolis . . . J. W. Strawbridge of Philadelphia

Among the weekend gay parties were the Mr. and Mrs. Stewart Hopps of New York, entertaining among their guests the Jack Giba's of Bel-Air and the Gavin Herberts. Mr. Hopps, chairman of this year's Desert Circus, enthused with the idea and planning to make it the biggest annual event since its inception . . . the John F. Marshalls of San Mateo . . . the Edgar Zooks, Jr. of San Francisco . . . Admiral and Mrs. Olden-Balbo of Balboa . . . William Hamlet in John Burnham's party. Mr. and Mrs. Harry Clatworthy hosting a party of friends from out-of-town . . . Mr. and Mrs. De Golyer with Mr. and Mrs. Marfa, president of the MK&T railroad.

Gay-goings on with the Belmont Sanchez party . . . Mrs. Dorothy Fleet of La Jolla, with her daughters . . . Bob Zuppke, the famous football coach from the University of Illinois, vacationing with the Maxwell Hotts . . . Mrs. Bertine T. Treat with a gay luncheon party . . . Louella Parsons and Margaret Ettinger

Mr. and Mrs. John B. Dunbar, (Georgia Bullock) with their 3 year old daughter, Sandal, taking a swimming lesson . . . Dr. and Mrs. L. Millington of Pasadena . . . Master Gregory Mace Gadda's 7th birthday party with Mace Robin Gadda, Bruce E. Waller, Mrs. Mace Mazda, Mr. and Mrs. Carl Betcher, Mr. and Mrs. Chas. A. Betcher of Red Wing, Minn. . . Mrs. Bessie Cerwin, and Mr. and Mrs. E. C. Waller became a bigger thrill when William "Hopalong Cassidy" Boyd had pictures made. Mr. and Mrs. William Boyd (Grace Bradley) were guests of the George Browns at dinner and are spending a vacation at the Brown's La Serena . . . The Alan Ladds (Sue Carol) with a dinner party.

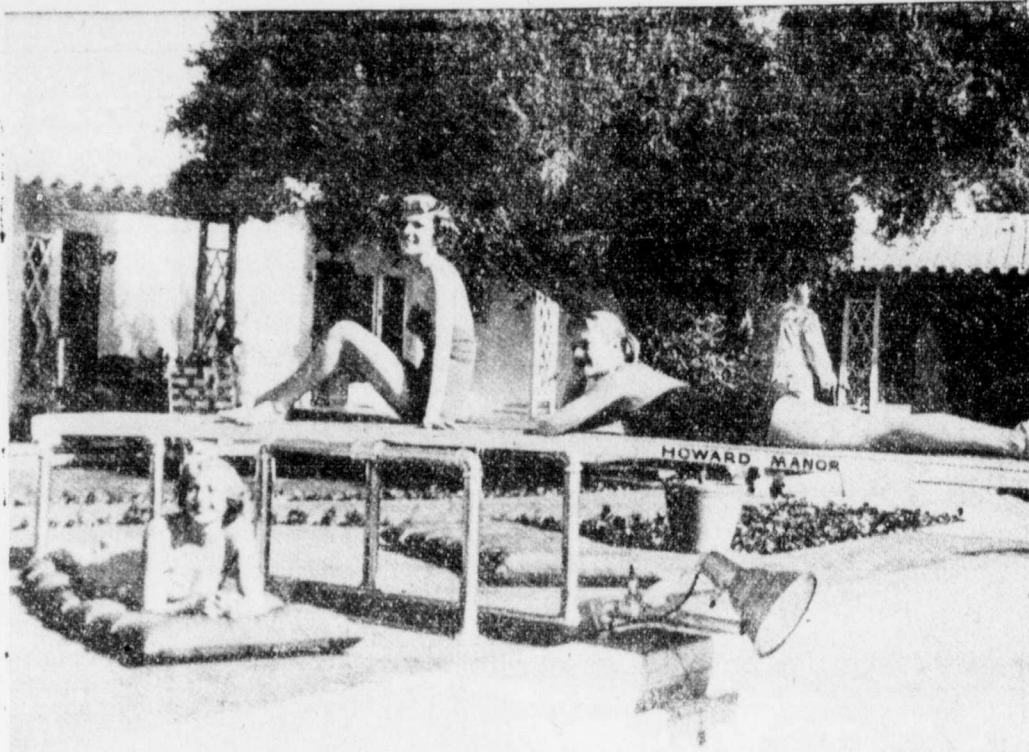

Tomorrow night Washington's birthday sees the second all male fashion show in the Bougainvillea room of the club titled "Male Plumage of '52" and presented by Bullock's Palm Springs men's store. The success of last year's event bids fair to be outdone with a capacity crowd of members and guests attending.

Next Friday, February 29th, that extra day this year, comes the club's big "Bachelorette Ball" when the maidens get their chance to "get their man" with the Leap Year party opportunity . . . and from all indications "man-traps" are in the "works" and all available bachelors will be "prey" that night.

The club's March calendar is filled with social activity for both members and their guests and bids being one of the biggest of the winter season. Friday March 7th is a gala evening event with the first West Coast showing of the latest Spring fashions, direct from New York and designed by Ben Reigs. Mr. Reigs is flying out personally with a number of the famous Powers models for the showing. Other red letter events for the month include the "Golf Ball" and the Beachcomber's party as well as several fashion show luncheons on weekends.

The baby has been named Joyce, for her aunt, Mrs. Robert Fisher, the former Joyce Coulton who spent some time in Palm Springs before her marriage.

The Coultons, who have another daughter, Dale, and a son, Jackie, are expected to come to Palm Springs early in April to visit her parents.

Greet New Son

Born at Desert Hospital to Doris and Charles Alfred Lewis, February 11, was a baby boy, Cary Stewart. The new arrival weighed nine pounds 12 ounces. Mr. and Mrs. Lewis are ranchers.

The club's new bungalows have been booked to capacity and are finding an ever increasing demand.

Holiday and Racquet magazine will have Tennis club in their coming issues and "foreign" correspondent of eastern and mid-west dailies are interested in the "doings" of their towns-folks while sojourning at the club.

I WONDER . . . if you know who ordered that fancy concoction in the club's Bougainvillea room the other night?

Wonders of Hell, Topic Sunday of Dr. Macartney

Dr. J. R. Macartney is preaching a series of sermons at Palm Desert Community church on "The Wonders." He has discussed the wonders of the world, the wonders of heaven and next Sunday, he said, he will talk on the wonders of hell.

"Many people say there is no such place as hell," he said, "but they certainly use the word a lot. The pages of the so-called best sellers teem with the word. To the credit of the radio and movies, the word is banned. 'The word hell' occurs in the Bible 52 times.

"Why is it, what is it and where is it, are the questions to be answered."

Desert Guild met last week at the home of Mrs. R. M. Trezevant where Mrs. Randall Henderson entertained with an exhibition of clay modelling.

Dr. Macartney announced that next Sunday morning Palm Desert church would join with others in Coachella Valley at a 9 o'clock service at the Indio Fair grounds.

The roster of visitors at Palm Desert Community church includes names of tourists from all parts of the nation," Dr. Macartney said.

Former Pastor to be Welcomed at Cathedral City

Cathedral City Community church will welcome former pastor, Jack Wartes, back at a special service next Sunday, Lt. Wartes is now a chaplain in the armed forces and is home on a furlough from the navy after hospitalization.

The morning service, including the welcome to Lt. Wartes will be delivered by Dr. Graham Hunter, minister of the church.

Sunday school classes start at 9:30 a.m.

Brotherhood to be Discussed

Sabbath services will be held tomorrow evening at 8 o'clock at Temple Isaiah of the Jewish Community Center.

Rabbi Arthur B. Lebowitz will speak on "The Meaning of Brotherhood" in observance of Brotherhood week as sponsored by the National Conference of Christians and Jews.

Saturday morning services will be at 10 o'clock.

CHRISTIAN SCIENCE SUNDAY TOPIC 'MIND'

"Behold, how good and how pleasant it is for brethren to dwell together in unity!" This Bible verse from Psalms (133.1) is included in the Lesson-Sermon on the subject of "Mind" in all Christian Science churches on Sunday.

A correlative selection from "Science and Health with Key to the Scriptures" by Mary Baker Eddy points out, "When we realize that there is one Mind, the divine law of loving our neighbor as ourselves is unfolded; whereas a belief in many ruling minds hinders man's normal drift towards the one Mind, one God, and leads human thought into opposite channels where selfishness reigns" (p. 205).

The Golden Text from Romans (12:2) reads, "Be not conformed to this world; but be ye transformed by the renewing of your mind, that ye may prove what is that good, and acceptable, and perfect will of God."

AT THE CHI CHI—Sally Rand brings her famous fans and a star-studded revue to Chi Chi Friday night, February 29. In addition to Sally and her dances there will be Willie Shore, great comedy dancer and impersonator of the night club circuit and several other big names.

Sally Rand in Starlite Room February 29

Although Sally Rand has appeared in practically every city in the nation she will be making her debut in Palm Springs when her glamorous revue opens in Chi Chi's Starlite Room, Friday, February 29.

Every since she made theatrical history with her initial fan dance appearance at the Chicago Exposition in the Thirties, she has been a by-word with the entertainment loving public. She has retained her spectacular and glamorous fan and bubble dances, but in recent years she added the producing of revues to her repertoire.

In the Starlite Room Miss Rand will headline her star-studded revue replete with original music and lyrics, and a group of lovelies.

Starring with her will be Willie Shore a top dancing comedian of the night club circuit. Shore as a wealth of original songs and laugh-provoking routines mingled with uproarious impersonations to Ted Lewis, Hillegrade, Charles Laughton and a host of others.

The platinum bombshell.

What's Old in Palm Springs

By The Old Timer

People sometimes marvel at the number of people who come to Palm Springs for a visit and remain to make the village their home, but oldtimers will assure you that it is the spirit of Chino that is responsible for their return.

The legend goes that in the early days, an Indian and his wife lived up in Chino Canyon tending their apricot orchard, and when an occasional traveler passed on the old dirt wagon road that meandered close along the hill to avoid the sand drifts, the couple would look up from their work and call, "Hello, George," or whatever the person's name was. The traveler would look back trying to see who had called and where the voice had come from. But never could see the Indian and his wife who tended their apricots in the canyon, so it always remained a mystery. But in looking back they would receive and retain a memory of the charm of the desert, and they would soon return, often to make their permanent home. The man and his wife began quarreling with each other so Tahquitz turned them to stone. You can see them today, the two large rocks which guard the entrance to Chino Canyon, and they still call the visitors back to Palm Springs.

Latest victims of Chino are Bob Higgins and his attractive wife, Pat, who are putting the finishing touches on their new ranch-type home at Number 11 Palomino Road in the new DEEP WELL RANCH ESTATES.

Higgins, a general contractor from Los Angeles, came here originally three years ago to re-style the Chi-Chi Restaurant. Returning to Los Angeles he got the "come back" signal from Chino and returned to build PLACE in the SUN and the RED BARN. Another neat piece of construction work in which Higgins shared, is his new daughter, Claudia, born ten days ago at the Palm Springs Community Hospital.

But Chino had the final word and now the Higgins are here to stay and expect to move into their new DEEP WELL RANCH ESTATES home by the 10th of March.

Star-Studded Show Starts at Del Tahquitz

A really star-studded night is in store for Villagers and visitors who go out on the town tonight if they drop in to the Bolero Room of Del Tahquitz. They'll be treated to an unforgettable evening of fun and music, for opening in the famed resort's beautiful dining-dancing-cocktail room is the great comedienne of song, Helen Boice who comes to the Del Tahquitz after a record breaking 20 week engagement at the Bar of Music in L. A.

On the same program will be handsome Matt Dennis, popular Capitol recording artist, known for his renditions of "Mean to Me," "Just a Girl That Men Forget," "Black Lace," and "I Know That You Know" among many others. Playing for the performers and for dancing will be the Sun Downers orchestra direct from the Golden Hotel in Reno, for musicians that will set your feet dancing even if you aren't up on the latest steps. "All in all, the show should prove one of the Village's better offerings," says Mr. Gene Torgan, manager of the resort.

For the first time this season a big buffet dinner will be served before the show.

Rollicking Play 'Pesos o Besos' at Padua Hills

The everlasting problem of marrying for love or security furnishes the intriguing theme of "Pesos o Besos" (Dollars or Kisses), the Mexican Players' next offering at the Padua Hills Theatre.

The rollicking comedy of Michoacan, based on an original story by Director Hilda Ramirez de Jara will have a festive opening on February 27. "Viene Visita" the current attraction, will close on Saturday to make room for the new play.

With audience taking part, one of the most unusual opening settings ever staged at Padua, which is famed for originality of thespian treatment, is promised for the play.

In fact, the audience becomes the final factor in the solution of the problem of the Mexican family of the comedy to decide between romance and finance. The setting of the play is the home of the Tarascan Indians and their striking costumes, novel dances and ceremonies, displayed in colorful scenic sets will highlight the play.

Following the opening, "Pesos o Besos" will be staged Wednesday through Saturday evenings, and Wednesday and Saturday afternoons, through April 5, with a merienda or after-theatre party following each performance.

SUN-DOWNERS—Pictured above the four members of the Sun-Downers orchestra who begin an engagement at the Del Tahquitz's Bolero Room tonight. The boys will be playing for handsome Matt Dennis and comedienne Helen Boice as well as for dancing.

Lots of Poise on Desert' Declares Dance Instructor

Dance instructor Bob Franks, who opened his new Desert Dance Studios in the Center February 1, reports Palm Springs as usual, is dance conscious.

"Maybe that is one reason why you see so many well poised, physically graceful people in

this resort," he said. "There is nothing in the world like dancing to bring out those qualities and it also contributes to self assurance, both socially and in the business world. People who dance well just naturally have more confidence than people who don't know how it's done." Desert Dance Studios are attractive in coloring and furnishings and are located on the second floor in the Center. Franks is teaching Cuban Momo in addition to rumba, samba and fox trot the Tango and waltz.

Entertain Scouts

Cathedral City Lions overflowed their private dining room last Thursday evening and occupied the entire facilities of Holm's Cafe. The occasion was the entertaining of Cathedral Troop 81 of the Boy Scouts by the club which is the sponsoring organization. Twenty one scouts including one cub and four explorer scouts were guests of the club as was the Scoutmaster C. H. Mitchell. Mitchell proudly presented the boys to their sponsors and supervised several interesting and amusing skits which the boys paraded for the Lions entertainment. The chairman of the Lions committee in charge, Claude Cobb, paid a rousing tribute to Mitchell for his efficient and devoted work with the boys of the community and pointed out what an asset it is to the village for the boys to be properly grounded in a

healthful upright life. Cobb also appealed for a wider participation in scout work as it is not fair to the boys or the leader to leave so much of the work to one or at best a very few.

Further spice was added to the program for the evening by a contingent from India in costume headed by Chuck Wameling, formerly of Cathedral City, now with the Indio Desert Bank. The Indio Lions were of course advertising their already well publicized Fair and Date Festival. Additional confusion was also contributed to the affair by an energetic group from Banning to serenade president John Danahak, a former Banning resident. The principal entertainment feature of the program was a series of interesting airplane movies presented by Tony LeVier, internationally famous test pilot and son of O. H. LeVier of Cathedral City.

For Desert County

At a directors meeting of the Coachella Valley Advisory Planning committee held last week at Indio City Hall appointments were made to a sub-committee for a study of the recently proposed Desert County proposition. From Cathedral City were named L. C. Lewis, Paul Clark and W. R. Hillery. Another new sub-committee known as the Fourth District State Highway committee was named with Claude Cobb being appointed from Cathedral City. The regular monthly meeting of the CVAPC was announced for February 27

at Coachella City Hall. Flood control will be the principal item on the agenda, with W. R. Hillery in charge of the program, at which Hugh Gallagher, general manager of the Coachella Valley County Water District will be the principal speaker.

Social a Success

Valentine Pie Social given by the Cathedral City School Mothers club on St. Valentines Eve was by far the most successful ever held it was announced by Mrs. Helen Emery, school principal. Sixty five children and one hundred parents and friends attended and paid \$66.70 for the pies which were auctioned off by Leslie Kelley. This money goes towards the annual Mothers Club gift to the school. Mrs. Emery said it was their hope to have a national flag with standard purchased, to be used at school functions. This social marked the first public appearance of the newly formed Cathedral City School orchestra consisting of five violins, one cornet and one drummer with Mrs. Emery at the piano. "March of the Crusaders" and Beethoven Sonata in F" were rendered. The orchestra is being organized and rehearsed by Mr. B. M. Petrone.

Club Women Dine

Town Hall was the setting last night of the annual potluck dinner of the Cathedral City Woman's club honoring the husbands and friends of the members. Nearly a hundred guests enjoyed the dinner and a strictly home talent series of vaudeville acts and skits. The only expense to the guests was a nominal charge for the programs which helped to pay for the expense of the show. Clever and mystifying names were given the various sketches as follows: Circus Days, Taps, Four Roses, Suspicion, Thwarted, Hollywood, Super-strength and Dixie. Due to early press time a complete description will be given in next week's column, giving the names of all the participants and those helping to make the evening a success.

Financial Success

The spaghetti dinner served by the Ladies of the Guild of St. Louis Church last week was a social as well as a decided financial success it was stated by Mrs. Emma Hammill. Two hundred and twenty eight guests were served. The money goes to buy trunks, dishes and silverware. The Guild has now brought in over five hundred dollars towards the kitchen and dining room equipment, so that the church can now boast one of the best equipped dining halls in

Noted Artist Now in Charge at Desert Art Center School

By GERTRUDE WALKER

Geometrically austere yet every line asserting a bleak beauty that even the neophyte in art appreciation recognizes as something true and pure in the highest of art forms. Frederick Kann, teacher of painting at the new Desert Art school at the Airport is an artist whose technique is flawless yet individually his own. It is worthy of, and probably will become a sane trend

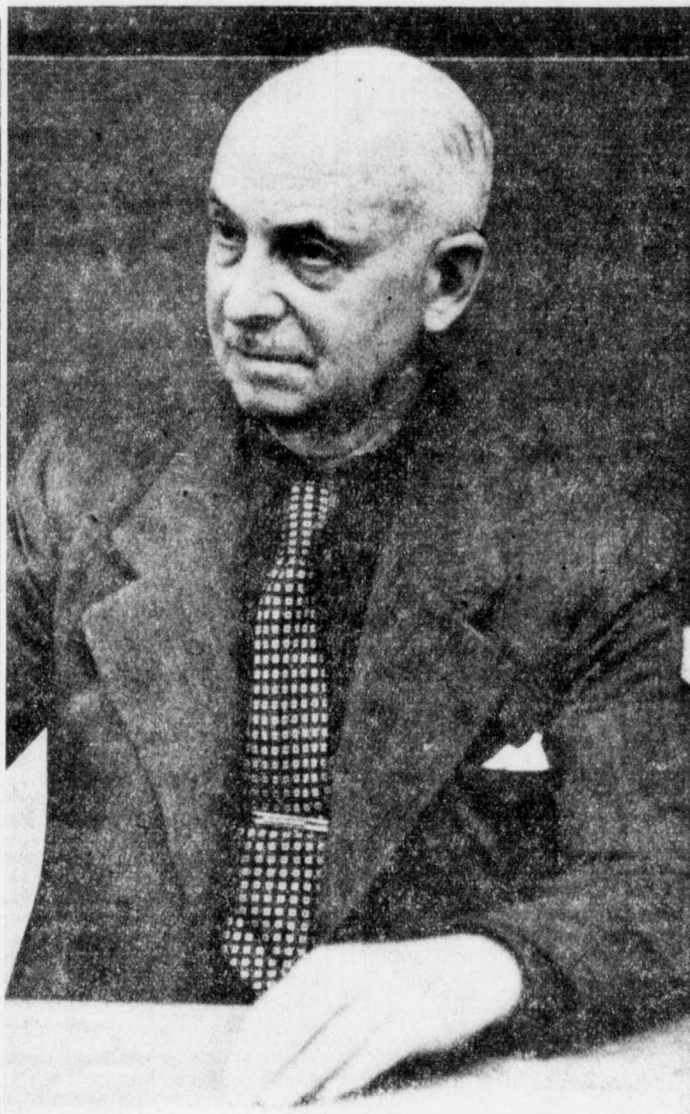

toward a new abstraction. Kann's is an illustrious name in this country and in Europe. Born in Austria he came to Montreal in his early youth. Later he taught in various famous schools of art in this country, then went to Paris. There his oils attracted much favorable attention and his work was shown in noted galleries.

HE ALSO TAUGHT for many years there in the great studios. He was first a traditionalist and the vibrant form and color of his work brought him fame. In the '30's he turned to portraiture, and studying some of his work there is seen the prelude of his occupation with geometric line. The planes of the faces are highlighted to give them a look of spirituality and yet are strongly and warmly human. His portraits are unique. In the great galleries of Europe I have seen nothing else like them in the contemporary, and none so rich in individual styling. One feels that Kann kept the living appearance and then superimposed his own findings of the spirit.

SOMEWHERE along this period of his study and development he began sculpturing. Again the geometric in design turns totally away from realism into a realm of mystic but intellectual abstraction. There is a feeling of ordained almost passionate beauty in the bold yet subtle lines of his evolutions. There is elemental rhythm expressed in a manner one cannot fathom, but the finished work again, one knows is the result of an enlightened conception of art that embraces an imagery of immeasurable richness.

In Kann's landscapes, some of which hang in the Art Center Gallery, it is felt the artist sees the earth in architectural mass and feels its cosmic rhythm. His mountains are mighty masses of lines and color somber and inchoate. He seems to see them as still young in evolutionary development for his lines are sharp and the whole massed magnificence seems moving and alive.

KANN'S PUPILS say that he gives them no stereotyped or hackneyed conception of art. His dynamic vitality permeates the

Frederick Kann, noted artist who is devoting his time and talent to aiding the new Art School established by the Desert Art Center.

artistic imagination and something new and entirely his own develops in the consciousness of any pupil who works with him.

His could be a new school of art dealing in the abstract but still sane, for nothing is as sane as beauty.

He leaves the Kann Art Institute of Beverly Hills to give Monday and Tuesday of each week to building up the reputation of the new school. He feels

that this school is a nucleus of what may easily become one of the great art centers of the world.

Supervisors Monday ordered study of a new policy under which the county spends millions annually in purchase of supplies for county government and schools.

Supervisor Irwin Hayden, chairman of the board, said the survey could provide the information to prevent "political shenanigans" in purchases to favor certain firms which could aid officials politically.

Supervisor William Jones wanted to have that statement explained and Hayden said that he knew of no recent maneuvering but that it had happened in the county before and he wanted to make sure it did not happen again.

SEEING EYES

Thirty Palm Springs Girl Scouts in uniform will act as the "Seeing Eyes" to a group from the Los Angeles Braille Institute who will visit the Palm Springs Farmers' Market Saturday from 12:00 to 2:00 p.m.

The five intermediate Scout groups, including Desert Hot Springs, will be represented, and insofar as it is possible the girls selected will be those working on their second class, community service being one of the requirements. Lyn Sanders has been specially honored by being chosen for a radio interview, which will be heard over KCMJ at 12:30.

SELECTIONS MADE

All selections for the 1952 Girl Scout Board have now been made, according to Mrs. Fredrick Morrison, president. Those serving this year are: Miss Katherine Finch, organization; Mrs. Naomi Mitchell, public relations; Mrs. Kay Saindon, finance; Mrs. Barney Bourne, international; Mrs. Russell Rink, program; Mrs. Paul Traver, corresponding secretary; Mrs. Frances Brudvik, camp; Mrs. Jack

Sanders, treasurer; Mrs. Francis Crocker, vice-president; Mrs. Kitty French, training; Mrs. Herman Reich, recording secretary; Mrs. Erna Poliak, membership; Mrs. George Ripley, house; Mrs. Robert Peterson, publicity.

INTERNATIONAL DAY

February 22, besides being Washington's birthday, has a special significance for some Girl Scouts and is known in Scout parlance as "International Thinking Day." On this date, Lord Baden Powell and his wife founded the Girl Guides in England, and to commemorate this event, American Girl Scouts are encouraged to think about and discuss Girl Scouts and Guides all over the world. Sometimes the girls take this occasion to write to Scouts in foreign lands, and some troops which meet on that day, hold special ceremonies which foster a spirit of international friendship.

NEW LEADER

Mrs. Bradley Davis of Cathedral City has volunteered to be the leader of the Cathedral City troop, which has for some time been inactive because of lack of leadership, according to Miss Katherine Finch, organization chairman. Mrs. Davis and her husband, a teacher in the Palm Springs school district, are fairly new to the community.

I Rise to Remark

By CONGRESSMAN JOHN PHILLIPS

By Representative John Phillips

How would you like a legislative mosaic for this week's letter? I used to know a family when I was a boy, where the wife didn't like the word "hash," she always called it "mosaic."

Committee Work: We started early, and are moving right along. Last year, Chairman Cannon called the organization meeting in February; this year we started hearings on January 10. The Independent Offices subcommittee, on which I am ranking Republican member, has finished hearing three dozen agencies of government. We should be on the floor the middle of March.

President's Budget: That comes to our subcommittee. It has six parts. The Executive Office of the President; the White House Office; Care of the Executive Mansion and Grounds; the Emergency Fund; the Council of Economic Advisors; and the Bureau of the Budget. All other requests, from the agencies coming to our subcommittee, were cut by the President before they reached us, but not these six. I suggested, on the floor, that the President's recommendations for economy, could begin in the White House. This year the total is \$7,011,215, and the President asks \$11,623,843 for next year. I haven't space to analyze the expenditures from the "Emergency Fund." Webster would have to write a new definition for "emergency."

UMT: The bill will be reported out before you read this, together with the committee's comments. I have been for such training, ever since W.W.I. There are certain features of the bill which are controversial. Will it be controlled by the military or by civilians? The latter is bred deeply into this republic. Will it have an expiration date? It must have. What will it do to the National Guard? These are only three. We will soon know what the committee recommends.

Veterans Houses: The VA reported to my subcommittee that it had approved 26 million loans, totalling \$16.4 billion, and of this total, it had paid claims on only 12,586 defaulted loans.

worth about \$13 million. This is a tenth of one per cent. That is a good record, both for the VA and for the veterans. Some of that money is recoverable.

St. Lawrence Seaway: Who started this letter writing against the St. Lawrence Seaway? He (or she) had better keep out of the way of the Congressional office secretaries for awhile! We've had this up for 9 years during the administrations of both Mr. Roosevelt and Mr. Truman, neither of them noted economists, and it didn't get going, so why do you think it has any chance in a session when even Senator Connolly is against foreign money spending and the Democrats are trying to cut the budget requests? We're glad to hear from you, on any subject, but I can think of subjects more interesting and important to the 22nd District, and to California. Put in a postscript with the local news and tell us how much the rain brought up the wells, and all will be forgiven.

Coachella: Earl Redwine, Hugh Callahan and Larry Clause came down for Coachella's annual appearance before the Interim subcommittee. The committee listened with apparent sympathy. When a farm boy tells his girl he loves her, he doesn't say, "forever," he used to say, "until the farmers are satisfied." At least that's what they say about us. In Coachella, they probably say, "until the distribution system is finished and we get the Bureau of Reclamation out of the Valley."

Palo Verde: The water bill has been introduced and you'll have copies in a few days. The committee is ready to hear it. A time will be set later.

Imported Labor: The I. and N. omnibus bill was heard on the 19th. The Senate sent over a separate bill, containing some undesirable provisions. I prophesy this will rest quietly in the House Judiciary committee, which will put out its own bill.

Politics: Warming up. The republican convention starts July 7th, in Chicago; the Democratic convention starts July 21st. California has 70 votes in the Republican convention; how many

New Deep Well Estates Humming

Bill Grant, head of Desert Properties Company well known local builders, reports that a new model home is completed and several other residences under construction in Deep Well Estates.

Grant purchased the property, which includes 30 acres lying between Deep Well buildings and Highway 111, from Philip L. Boyd and Frank Bennett.

The new sub-division in the southend will be simple and of the ranch type in plan, and building.

Thunderbird

Williamson Home Attracts Attention

Completed this week at Thunderbird is an attractive new house designed by Pete Weston and its owner, Interior Decorator Jack Williamson.

The turquoise blue desert home has several original features which command interest over and above its setting at the edge of the golf course. Sliding glass walls in the large livingroom overlook the patio with its oval pool and the golf course greens. Interior walls are a clear, ice blue with the three master bedrooms and baths done in orchid and pale lemon.

The electric kitchen communicates with the living room bar; the dining room and with the patio for those who want snacks outside.

in the Democratic? That means an influence which should be used for the benefit of the nation first, and then of the west.

That ends my space and I haven't touched 10% of the subjects of immediate interest in this office.

Building Code

Planners Told They're Out of it

Supervisors told the county planning commission Monday that they themselves will decide on a building code for unincorporated areas in the county without advice from the commission.

But they said that in all possibility hearings will be held before the code is adopted.

Planners had been asked to prepare the code and it is almost completed. But they wanted to know whether the code applied to all of the county or only to those places where it was requested.

The board said they'd take care of that themselves.

Traffic Deaths Show Sharp Gain

Traffic accidents in southern California last year killed 1,847 persons, 215 more than in 1950, the Automobile Club of Southern California public safety department reported this week.

Fatalities in Riverside county last year totalled 136, 33 more than the 103 toll in 1950. Auto deaths in 1951 increased over the previous year in all but four southland counties, the club reported.

Jiggs Gets Four "Hot-Foots"

Cappy Miller's bought himself a new car. We won't be seeing his old jalopy bouncing over the back roads any more. I'm going to miss it, too.

Many a morning Cappy and I drove off in that rattletrap for a day's hunting or fishing. We'd pile rods or guns in back, and prop open the trunk compartment—so Jiggs, Cappy's pointer, could jump in and go along.

They say when Cappy brought the new car home he opened up the hood to show off the engine—and poor old Jiggs hopped right

in! Figured it was the trunk. He hopped right out in a hurry, too. That cylinder head was mighty hot.

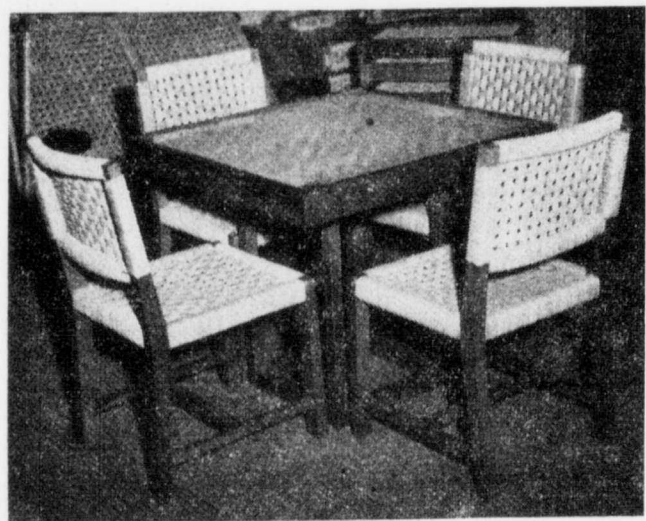

From where I sit, old habits are hard to shake, once they get a hold. Like, for instance, too many people are still in the habit of trying to run their neighbors' lives—telling them how to act, what to wear, whether or not to enjoy a refreshing glass of beer. I say that kind of thinking's outmoded... ought to be turned in for a new model!

Guy, who arrived in town last week, lined up a series of eight nights of play starting tomorrow night at 8 p.m.

Frank Bogert hastily organized one local team to meet a San Francisco team tomorrow night. Beverly Hills and a Palm Springs team will play the second game. Guy will captain the Palm Springs team.

Both of these teams will play a series of three games with a trophy for the winning team.

Hunting Hours in California to Change March 1

California hunters will be pursuing their game under a new set of shooting hour rules after March 1, when the 1952 hunting regulations take effect.

The State Fish and Game Commission made the new rulings last month at the annual regulatory powers session.

Officially, the commission action reads:

"Shooting hours for all species of resident game shall be one-half hour before sunrise to one-half hour after sunset except between November 22 and December 1, inclusive, when shooting hours will be from 8:00 A.M. to 4:30 P.M. in all counties lying north of San Luis Obispo, Kern and San Bernardino counties."

Commissioners announced that waterfowl hunting hours would not be affected by the new rulings for taking resident game.

A hobby with Dr. and Mrs. Charles H. Peppers, local physician, is the raising of purebred Arabian horses. Dr. Peppers will show his Champion Rolla at the Indian County Fair Horse Show, as well as two purebred mares and colts.

Rolla, a handsome chestnut with white mane and tail, won 11 ribbons in shows last year and stands a good chance to carry off the honors at Indio as he did at Santa Barbara and the national show at Long Beach. Rolla is sired by the \$25,000 purebred Arabian, Antez, owned by the late W. K. Kellogg.

Village Baseball Team Defeated by Indio Nine, 12-6

The roof caved in on Palm Springs baseballers at Indio last Sunday in the fourth inning and they lost a ball game in the winter league to Indio 12 to 6.

Indio started out strongly with three in their half of the first but the Villagers kept pecking away and had a 4-3 lead in the fourth. Then it happened. Indio went across seven times to take a 10-4 lead which was too great a handicap for the locals.

Next Sunday the Villagers travel to El Centro for a double-header with the El Centro Merchants.

Warren Linville, manager of the local team, asked all players to report at the high school at 10 a.m. for the trip to the Imperial Valley city.

Last Sunday's line score:

Santa Anita Derby Takes on International Aspect

International turf luster will be in evidence Saturday for the 15th running of the \$100,000-added Santa Anita Derby, which will follow the presentation of the \$150,000 Washington's Birthday Handicap and the holiday celebration on Friday.

A crowd exceeding the 41,000 present last season and approaching the top gathering of 61,000 in 1948 is expected at the Arcadia track Saturday. Gates are to be open at 11 a.m. with the first race starting at 1 p.m.

THE SENSATIONAL Windy City II, champion juvenile of Europe in 1951, is coming up the pre-race favorite to oppose the leading American three-year-olds in the 1 1/8 mile classic. While the \$100,000-guaranteed Santa Anita Handicap, to be contested next week, has been won by foreign horses five times, this is the first time that an invader has figured in the top-ranking winter Derby here.

Windy City II, to be ridden by the magic Eddie Arcaro, has won two stakes impressively at Santa Anita—The San Gabriel and the San Felipe Handicap—and is being heralded as a colt destined as one of the greatest ever seen in world racing. He won four of his five starts in Ireland, England and France, before being brought to this country and purchased by Gus Luelwitz Los Angeles lumber magnate, for a reported price of \$165,000.

OPPOSING the champion from abroad will be Calumet Farm's Hill Gail, A. G. Vanderbilt's Whither, Indian Land, Marcoro, Red Charger and top sophomore

Early Action on State Park is Predicted

Money for Salton Sea Project May be Available Soon

Money may be available after July 1 to begin development of Salton Sea State Park, District Superintendent William Kenyon told the Riverside County Association of Chambers of Commerce at Indio Tuesday.

Kenyon said the 520-acre Salton Sea site 11 miles southeast of Mecca on Highway 111 was acquired too late for funds to be included in the forthcoming budget.

HE EXPRESSED hope, however, the state department of finance will "give special consideration" to a request for \$100,000 to begin construction of facilities.

The Associated Chambers later adopted a resolution asking the finance department to make special provision to include the money so that the park site will not have to lie idle for a year.

Kenyon said boating is expected to be a big attraction. Tentative plans call for facilities for launching boats. A study now under way of the type of development best suited to the site and to public needs indicates there will also be a camp grounds, picnic area and trailer units, the park official said.

OTHER POSSIBLE State park projects being investigated Kenyon said, include Box and Painted Canyons, the Thousand Palms area and along the Colorado River. County Supervisor Homer Varner announced later that he has made a written request for a state park for the Palm and Tahquitz Canyon area near Palm Springs. He said Newton Drury, chief of the Division of Beaches and Parks, has promised an investigation.

Changes Mind on Kinship to Mayor

Florence Atkins, picked up on Indian avenue Monday night in an incoherent state, insisted to police officers who took her in custody, that she was Mayor Charles Farrell's sister.

Repeated questioning could not change her story until the following day when she admitted it wasn't true, but seemed like a good idea at the time.

Dog Control New Ordinance Voted by Board

Control of stray dogs in Riverside county will be in effect again soon as result of action by county supervisors Monday in unanimously adopting a new ordinance to replace the one killed late last year.

The measure provides that owners must tag their dogs and two men will be employed to round up untaged dogs in unincorporated areas and to pick up dogs sick or injured.

Under the old ordinance a \$2 fee was charged and a force of eight men employed with branch pounds in many cities.

Under the new law owners have 3 days to provide their own tags on which the name of the owner and address is placed.

Arrest Teacher in Fatal Crash

Robert W. Marvin, Jr., teacher at the county's Twin Pines school in the mountain area, faces hearing on charges of manslaughter and driving while intoxicated when he is released from San Geronimo Pass hospital where he was taken after an accident near Banning.

He was arrested at the hospital last week and his bail set at \$10,000.

Marvin's car left the highway and was wrecked when he failed

Primitive

Work of White Shown at Plaza

Exhibiting in the Plaza this week was primitive artist Emil White from Big Sur in northern California. The outdoor group showed Palm Springs and desert scenes done since the artist arrived as well as canvases from the Big Sur country.

Native in treatment, the art lover should not be deceived by the childlike quality of the group of primitives. Artist White will have a full color page of his paintings in Time magazine later this spring, which is number one rating for an American artist. He is enroute to Mexico to do a Mexican series of pictures.

Goldman Comes Home With Cup

Modest Manny Goldman hasn't said very much about about it, but he was the only American tennis player to bring home a cup from Australia this year.

The cup was presented to tennis enthusiast and patron Goldman by the members of the U.S. Davis Cup Team, in recognition of his moral support during the Australian defeat of the U. S. team. Goldman and Sid Adlestein flew to Australia for the Davis Cup matches.

The cup, inscribed with the names of this year's team, was originally won by team captain Frank Shields.

The last great natural setting for a luxury hotel in the Palm Springs area. A golf course site pronounced by the West Coast's leading golf course architect as the most perfect site in the entire upper Coachella Valley.

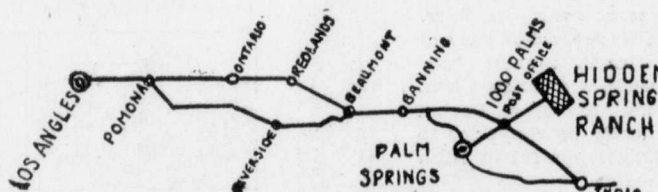

Hotel companies, golf club developers or investors seeking to lessen current tax burdens for future capital gains and establish a sound hedge against the devalued dollar of 1960, by a property in the path of progress, are invited to investigate this incomparable combination of assets.

This offering adjoins and is owned by Hidden Springs Ranch. It is entirely free of debts, enabling either a long lease or liberal terms.

Hidden Springs Ranch surrounding these sites and affording protection against undesirable encroachments is a distinctive residential development created by Charles Doyle, the original owner and creator of the famed Smoke Tree Ranch at Palm Springs. It has nothing in common with the ordinary subdivisions. There are no "lots," motels, shops or business sections to despoil the desert. The property is a little known paradise of the vanishing real desert, yet only 12 miles from Palm Springs.

NEVER AGAIN on this vanishing desert within the shadow of this world-famous desert resort, may there be available such a rare combination of nature's gifts and man's modern conveniences — this is the last great land holding within the Palm Springs circle.

Estate owners in Hidden Springs Ranch know of this offer as a planned program of development. The club and subdivision are not offered for sale.

Right to withdraw this offer, alter prices or terms, refuse to sell to any buyer, is reserved.

No Explosion

**Boys' Experiment
Stymied by Dad**

North Hollywood visitor A. A. McCrary, contacted police this week to have them take in custody a sizable cache of gun powder, two railroad explosive 'caps' and a couple of fire crackers, out sized, which had been collected by his son Dick and some friends.

The boys had rounded up the material to make a bomb which they anticipated exploding as soon as they got it done.

Annual visitors from Chicago, the Clarence Mitchells will arrive Sunday, to be house guests of the Raymond Wilsons, after a stay in Santa Barbara. The Wilsons returned this week from their Bel Air home.

Collections Save Taxpayers Large Sums in County

Harold Butterfield, county probator officer, said last week-end that his office has collected \$125,000 in the past year to help bear the cost of care for needy children, delinquent children, mental cases and other dependents.

He said appointment of a deputy in 1947 to take charge of collections was a wise move.

This deputy, he said, puts in full time collecting from those able to pay for their dependents thus relieving the load on county tax-payers.

Butterfield said that the department collected \$76,900 alone from fathers in "failure to provide" cases.

"That's better than sending the man to jail and letting the county take care of his dependents," he said.

Palm Desert Sunbeams

By EDITH EDDY WARD

The Date Festival is on and Highway 111, going through Palm Springs, is lined with cars—all the hotels and apartments are filled and the place is buzzing! The Arabian Nights Ball held last Friday night at Shadow Mountain Club started things off with a bang. The club was turned into a little bit of Arabia and the Sheikh with their harems took over. It was hard to recognize some of our local members in their colorful costumes. However, we spotted Mr. and Mrs. Ballard Jenkins; the Leon Kennedys; Drexel Coopers and Mr. and Mrs. Rudy Heimark; Hazel and Ed Sargent; the Jeff Shanks; Mr. and Mrs. J. F. O'Connor; and the Dan Holmes. Most of these people attended the Vernon Pecks' cocktail party preceding the ball so we got a

double look.

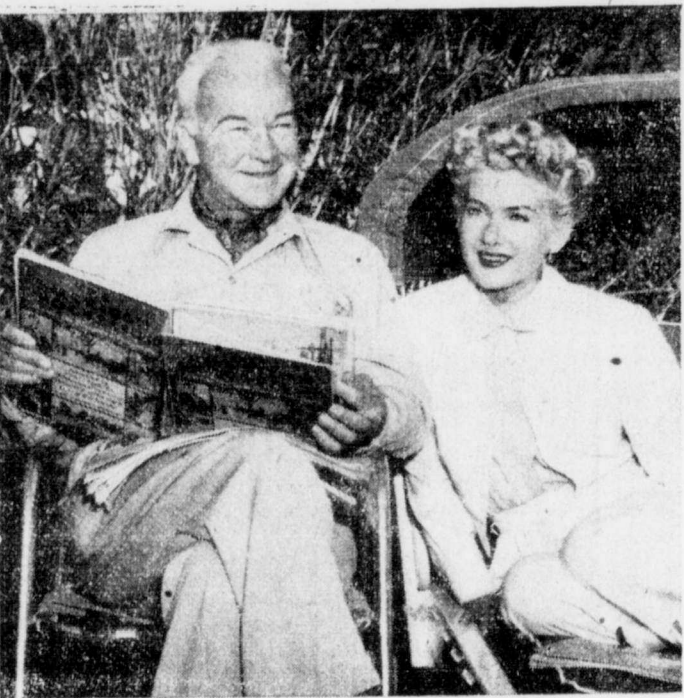

Coming up this week-end is another spectacular event—the Midwinter Desert Rockhounds Fair at the Desert Magazine Art Gallery in Palm Desert. Leland Quick, Editor of the Lapidary Journal and chairman of the big event, reports that everything is in order and that he has gathered together gems and minerals with a commercial value in excess of a million dollars that will be placed on display for FREE public viewing on Saturday and Sunday from 9 a.m. until 6 p.m.

"Anyone passing through Palm Desert and not dropping in to see this wonderful gem exhibit will be passing up one of the most entertaining and instructive hours of their lives," said Quick. "People should drop

in on their way to or from the Date Festival."

The gems to be displayed were all cut by the Amateur Gem Cutters of Southern California—many of them from stones found in our desert—although there will hardly be a country in the world not represented in the comprehensive display. In addition to the gems there will be exhibits of handmade jewelry and the famed paintings of minerals by Katherine Clarke. None of the things on display will be for sale, but more than twenty supply dealers will be on hand to cater to the needs of the visitors who wish to indulge in America's fastest growing hobby and now its third largest. Mr. Quick told the story of the amateur gem cutting movement last Wednesday to the largest audience in Palm Springs Rotary history.

SHADOW MOUNTAIN ECCHOES: Otto and Audrey Allgoewer have returned to their abode in Palm Desert after spending three weeks in Stockton, Calif., where Otto underwent a major operation. Their house guest is Audrey's sister, Mrs. Louise Watson of Phoenix, Ariz. Henry Gries of United Press and Beth Scott who writes the Palm Springs column for the L. A. Sunday Times, were out for the buffet dinner at SMC last Sunday. Mr. and Mrs. Leonard Firestone were down for a few days to inspect the progress of their new Palm Desert home which is under construction. Mr. and Mrs. Mayor McKinley are the latest Sun Lodge owners. Mrs. Glenn McCormick arrived by plane from Salem, Oregon Tuesday and is making preparations to bring Mr. McCormick home from the hospital where he has been recovering from injuries received in an automobile accident about six weeks ago. They plan to stay in their home at Palm Desert until he is fully recovered.

HOPALONG IN PERSON—It's Hopalong Cassidy with his missus, who were guests of Mr. and Mrs. George Brown at La Serena. The two couples have been close friends for many years. There is no such thing as going incognito for Hopalong, every time he stepped outside the grounds of La Serena, he was mobbed by enthusiastic fans, aged 5 to 12, and he loved it. (Sun Photo).

City Buildings Looking Better

Completed this week was the first coat of stucco on the city administration buildings at the Airport. Still to come is another coat, after which the buildings will get a final smooth color coat. The color will be sage green.

Kept out of the improvement project was the Airport administration building, pending contemplated remodeling in the interior.

Annual visitors from New York, Mr. and Mrs. Douglas Rothacker and the Oscar News are spending a few weeks at Town and Desert.

Savant Honored at Inn Party

On sabbatical leave from the political science department of the University of California, Dr. Austin McDonald with Mrs. McDonald of Berkeley formed an interesting party at the Desert Inn on Sunday night in company of Mr. and Mrs. Randall Henderson.

The McDonalds leave shortly for eight months in Africa where for eight years, Syria (Mrs. Randall) Henderson made her home.

Questions and answers were flying thick and fast in this stimulating group. Henderson is editor and publisher of Desert Magazine. Mrs. Henderson is famous as a sculptress and lecturer. Dr. McDonald is with the political science department of the University of California of Berkeley.

New Medical Discovery Makes Women Look Years Younger

Gourielli now combines hormones with amazing ozonides

There's an amazing new cream which promises to make you look as much as ten years younger than your age!

What is it? Where can you get it? It is Gourielli's new Estrolar Cream. No other cream contains ozonides plus the potent estrogenic hormones—science's new discovery for making you look years younger.

As you grow older, your skin becomes starved for oxygen and moisture. The lack of oxygen makes it discolored and flaky. The lack of moisture leads to wrinkles and unattractive flabbiness.

Now you can restore both these vital substances with one cream. The ozonides in Estrolar Cream actually give back true oxygen to your skin. This starts your blood circulating more freely in your skin. It tends also to lighten that sallow,

discolored look. It helps drive away the roughness and bumps of age—to give you the bright, blooming color of youth. (It even helps heal surface skin irritations overnight!)

The estrogenic hormones contained in Gourielli's Estrolar Cream sink deep into your inner skin and increase its ability to hold moisture. This in turn fills out your outer skin, helping it look firmer, fuller—and years younger. It actually tends to make wrinkles disappear!

If you massage Estrolar Cream on your face for only 10 minutes every night—after less than 30 days, you will look as if ten years had dropped off your age.

This remarkable Estrolar Cream is available here and now. A 30-day supply costs \$5.00 plus tax.
